What about COVID?

Although COVID is still around and on our minds, Sask. Health and the Government of SK are no longer regulating the same and currently have no set restrictions in place. As such, it is the board's determination that if someone is feeling unwell during the Bowling School and have COVID like systems, that person will be tested and if a positive result, they will need to self-isolate and leave the school. Bowling School staff and the athlete's parents will be contacted.
